ANTLER HORN PREDATOR

WHAT IS THE GSCO YOUTH 3?

The **GSCO Youth 3** is a hunting milestone for young hunter conservationists.

HOW IS THE GSCO YOUTH 3 ACHIEVED?

The Youth 3 is achieved by legally harvesting at least one species from each of the GSCO Youth 3 categories: **ANTLER, HORN AND PREDATOR**.

The species for **ANTLER** include: any deer, caribou, elk or moose from the GSCO Super Slam list.

The species for **HORN** include: any North American wild sheep, the North American mountain goat, pronghorn antelope, bison and muskox from the GSCO Super Slam list. For the GSCO Youth 3, GSCO has added the aoudad to the HORN category.

The species for **PREDATOR** include: the mountain lion and any bear from the GSCO Super Slam list. For the GSCO Youth 3, GSCO has also added the wolf, coyote, bobcat, lynx, and alligator to the PREDATOR category.
